

An important skill that we need to practise is to be able to take useful and clear notes. Use the reading comprehension information, along with the video links below to write notes about four Egyptian gods or goddesses.

We have already learnt how to lay notes and research out clearly.

What structural and presentational devices can you remember to use?

\*Subheadings, paragraphs, bullet points, underlining

\*Remember how bullet points must be punctuated consistently (either all start with a capital letter or all lowercase letters)

\*Try to use a ruler for subheadings

Be sure to use a clear layout with the above structural devices when you retrieve and present your information about the four Egyptian gods or goddesses.

An example of the layout is below- take notes on four Egyptian gods/goddesses that interest you- you do not need to use the ones in my example.

### Egyptian Gods and Goddesses

Ancient Egyptians worshipped a huge number of ancient Egyptian gods and goddesses.

Some of them looked very much like humans; however others were part human and part animal, where some of them looked like crocodiles, jackals, cats, rams and even falcons. Below is information on four of the main Egyptian gods and goddesses.
