Home Learning

Maths

For the small hall group the learning focus is: **statistics- tables**
Please watch the 4th video from the link below.

<https://whiterosemaths.com/homelearning/year-3/spring-week-6-statistics/>

Uploaded are the corresponding questions and answers.

For year 5 the learning focus is: **fractions- greater than 1**
Please watch the 4th video from the link below.

<https://whiterosemaths.com/homelearning/year-5/spring-week-3-number-multiplication-and-division-2/>

Uploaded are the corresponding questions and answers.

For year 6 the learning focus is: **algebra- substitution**
Please watch the 4th video from the link below.

<https://whiterosemaths.com/homelearning/year-6/spring-week-5-number-algebra/>

Uploaded are the corresponding questions and answers.

These sheets do not need printing. You could write the question number with the answer next to it.

****The answers are uploaded so that you can self-mark your work- look back over any errors**

English

Today's grammar focus is on fronted adverbials. Check you understanding by following the link below to highlight the fronted adverbials and complete the online quiz. Let Ms P know your score!

<https://www.bbc.co.uk/bitesize/topics/zwwp8mn/articles/zp937p3>

Today, when writing your diary entry, try to use at least 5 different fronted adverbials. Underline the fronted adverbials that you have used and make sure you have used a comma.

Don't forget your diary entry can carry on from the last one you have written and it doesn't need to be completely factual! Just remember to include the key features e.g. Date, Dear Diary and the other key features mentioned below.

Key features of a diary entry include: first person, informal language, thoughts and emotions, time adverbials, inverted commas if you are quoting what someone has said, past tense and ambitious vocabulary.

Spelling

Complete the uploaded spelling challenge. These are different for year 5, 6 and the small hall group.

Small hall group will be tested on spelling word families.

Y5 will be tested on spelling words endings 'ist, ic and ive'.

Y6 will be tested on spelling words with a range of root words.

Reading

Today you will be continuing to focus on the pace that you read. Have you improved at all over the last few days??

I have again uploaded 2 reading documents (based on Spring this time). With each document, give yourself two minutes to read as much as you can. Write how many words you managed to read in the two minutes. Reread the text again in two minutes. Can you read the text any faster the second time around? Then read the questions to the right hand side. Can you answer any of the questions without referring back to the text?

Finally, answer any remaining questions and check your answers.

How confident do you feel reading at pace? Are you able to answer most of the questions without referring back to the text?

Design Technology and Science (Forces)

Today you will be learning about mechanisms. You will learn about three mechanisms in particular, what they do, what they are used for and where you can find them around your house and in the world. You will also be designing and making your own mechanism to complete a specific task. See the PowerPoint for more details.

When working through the PowerPoint, please watch it as a slideshow because there are a few questions within it, where the pictures move to show you the correct answers- these answers will not be accurate if it is not in slideshow format.

You will also be linking mechanisms to your Egypt topic and learning about a type of mechanism that was used in ancient Egypt to transport water. You will then try to create your own ancient Egyptian inspired mechanism.

Please don't forget to keep sending Ms Porter examples of the work you have been doing at home.

Physical Activity

Please make sure you are keeping active. This is a VERY important part of your home-learning day. I have uploaded a physical activity daily menu (with hyperlinks), which has suggestions for you to choose from. They vary from YouTube PE lessons, yoga classes, games and lots of other ideas. If you have any other suggestions do let me know :)
