Home Learning

Maths

- For the small hall group the learning focus is: **comparing lengths**

Please watch the 1st video from the link below.

<https://whiterosemaths.com/homelearning/year-3/spring-week-8-measurement-length-and-perimeter/>

Uploaded are the corresponding questions and answers.

- For year 5 the learning focus is: **equivalent fractions**

Use the link to refresh your memory on equivalent fractions

<https://www.bbc.co.uk/bitesize/articles/zb8wqp3>

I have uploaded a fluency, reasoning and problem solving question at 3 different levels followed by 2 discussion problems to choose between.

- For year 6 the learning focus is: **algebra- formulae**

Please watch the 5th video from the link below.

<https://whiterosemaths.com/homelearning/year-6/spring-week-5-number-algebra/>

Uploaded are the corresponding questions and answers.

These sheets do not need printing. You could write the question number with the answer next to it.

****The answers are uploaded so that you can self-mark your work- look back over any errors and try to see where you went wrong to improve your understanding****

English

Following your diary entries last week, it was clear that as a class we have a varying understanding of how to use speech punctuation accurately within our writing.

Today, I would like you to write a conversation between two characters so I can check your current understanding of speech punctuation.

Firstly, write a conversation (at least 3 pieces of speech from each character). Do this independently. Then, using a different colour pen, add/edit your speech punctuation using your improved understanding after watching this learning video [Speech marks - KS2 English - BBC Bitesize](#) . Can you improve your own work? I have added some pictures below of some characters that might be having the conversation! They might be introducing themselves, talking about their hobbies, favourite food, anything! It could be a character from a video game you play, a footballer, popstars or even a conversation you've had with a family member.

Spelling

Complete the uploaded spelling challenge. These are different for year 5, 6 and the small hall group.

Small hall group will be investigating the prefixes 'un' and 'dis'.

Y5 will be investigating words ending with 'fer'.

Y6 will be carrying on your investigations into 'root' words

Reading

Today you will be learning to recommend books to others. I would like you to follow the reading for pleasure, recommending books to others lesson, by 'Oak Academy' following the link below.

<https://classroom.thenational.academy/lessons/to-develop-reading-for-pleasure-through-book-recommendations-cgr34c?activity=video&step=1>

In the lesson above, the teacher will recommend some lovely books to you and show you how to write short, post it size book reviews for others to find :)

We will be sharing some of your book reviews on Thursday for World Book Day :)

Physical Education

Today we are going to be learning important skills in netball. We will then hopefully be able to apply these into a game situation during our PE lessons back at school. The first will be the 'pivot'. Follow the instructions within the YouTube video on the link below (created by our sport's provider Arena).

<https://www.youtube.com/watch?v=CmjUD8Op49M&list=PLGtIDYxHZW4tCVOU0yzMEx8Rwf62OI3bF>

Once you have learnt about and practised the pivot, learn about the 3 important passes in netball and practise your netball passes- following the instructions in the link below. If you do not have a netball available, practising with any ball will help you learn and improve these skills.

<https://www.youtube.com/watch?v=Yp3SI9-JkFU&list=PLGtIDYxHZW4tCVOU0yzMEx8Rwf62OI3bF&index=7>

After learning and practising the skills above, complete the self-assessment on the PE PDF and send it back to Ms P. If you can send me any videos or pictures of you practising that would also be great!

Physical Activity

Please make sure you are keeping active. This is a VERY important part of your home-learning day. I have uploaded a physical activity daily menu (with hyperlinks), which has suggestions for you to choose from. They vary from YouTube PE lessons, yoga classes, games and lots of other ideas. If you have any other suggestions do let me know :)
