Home Learning

Maths

- For the small hall group the learning focus is: **adding lengths**

Please watch the 1st video from the link below.

<https://whiterosemaths.com/homelearning/year-3/spring-week-8-measurement-length-and-perimeter/>

Uploaded are the corresponding questions and answers.

- For year 5 the learning focus is: **improper to mixed numbers**

Please watch the 1st video from the link below.

<https://whiterosemaths.com/homelearning/year-5/spring-week-3-number-multiplication-and-division-2/>

Uploaded are the corresponding questions and answers.

- For year 6 the learning focus is: **algebra- forming expressions**

Please watch the 5th video from the link below.

<https://whiterosemaths.com/homelearning/year-6/spring-week-6-number-algebra/>

Uploaded are the corresponding questions and answers.

These sheets do not need printing. You could write the question number with the answer next to it.

****The answers are uploaded so that you can self-mark your work- look back over any errors and try to see where you went wrong to improve your understanding****

English

Following on from the work I set yesterday, where you wrote a conversation between two characters and improved your work after learning more about speech punctuation, today I would like you to become the teacher!

Using your improved understanding from yesterday's learning video, along with the uploaded PowerPoint on speech punctuation, I want you to spot speech punctuation errors within writing examples.

You will also be writing a 'tool kit' / success criteria for what accurate speech punctuation should look like- so at this point it is important that know the key parts of speech punctuation and that closely use the resources provided if you are still unsure.

Follow the PDF for more information.

Spelling

Complete the uploaded spelling challenge. These are different for year 5, 6 and the small hall group.

Small hall group will be investigating the prefixes 'un' and 'dis'.

Y5 will be investigating words ending with 'fer'.

Y6 will be carrying on your investigations into 'root' words

Reading

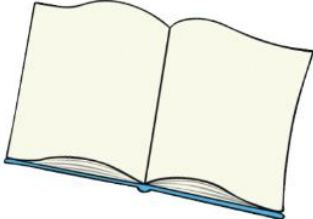

This week, our class is having a big focus on reading for pleasure. Yesterday, in your reading lesson, you were given suggestions on books for you to read in the future and why you might enjoy these. You learnt ways you can recommend books to others too. I look forward to hearing some of your book recommendations on World Book Day (Thursday).

Today you will be reflecting on your reading enjoyment- your favourite authors, illustrators, favourite characters etc.

You may need to think deeply about this as you may have kept with the same author for a little while and forgotten the names of other authors! This activity could be a great discussion challenge with family members and you could do your family top 5 rather than just your own.

World Book Day Top 5s

French

Last lesson in French, you were describing yourself and others. Today, you will be learning to describe your likes and dislikes. You will also be learning to ask others questions and writing a conversation between two people. Today's focus is on our likes and dislikes of different sports. You will learn different names of sports in French, along with how you would ask people if they like a certain sport and how to reply correctly.

Follow the PDF for your steps in learning.

Physical Activity

Please make sure you are keeping active. This is a VERY important part of your home-learning day. I have uploaded a physical activity daily menu (with hyperlinks), which has suggestions for you to choose from. They vary from YouTube PE lessons, yoga classes, games and lots of other ideas. If you have any other suggestions do let me know :)
