

Books are not all fiction (made up)- they teach us factual information too. These are called non-fiction!

- Can you name any non-fiction books you have read in the past? Did you enjoy any?
- Do you think you prefer reading fiction or non-fiction books? Why?
- What do you think is interesting about the octopus? What did you already know and what have you learnt?
- Why has Matt Dawson presented the facts in this way? What is the effect of the layout on the reader?
- Who is the intended audience?
- Why is the fact about camouflage written in a different coloured font?
